August 23, 2011

MaeTec Power, Inc. debuts on Inc. Magazine's List of America's 500 Fastest Growing Companies

MaeTec Power, Inc. has made the 2011 Inc. 500|5000 list of the fastest-growing private companies in America. This achievement puts MaeTec Power in rarefied company, considering that there are nearly 7 million private, employer-based companies in the U.S.A. This elite group once included companies such as Microsoft, Timberland, Vizio, Intuit, Jamba Juice, Oracle, and Zappos.com. In fact, many of today's most successful U.S. companies received their first national recognition when they appeared on the *Inc.* list.

MaeTec Power was ranked #25 nationally in its industry based on 312% growth between 2007 and 2010.

About MaeTec Power, Inc.

MaeTec Power, Inc., based in Rochester, NY currently provides DC power and UPS battery services to the leading telecommunications, cable, government, and consumer public in the country. MaeTec Power is a small, responsive company that employs its own technicians, yet still completed projects in over 175 US cities in over 45 states in 2011 as well as Canada.

Projects we do for our customers include battery replacements, installations, and preventative maintenance including load testing, BDFB upgrades and installations, DC Power design, grounding, new site build outs, and much more.
